FREE Samsung Navibot

WHILE
STOCKS
LAST

when you order a Samsung G-Series Fridge Freezer⁺

Say goodbye to a hard day of vacuuming with the Navibot, which cleans your carpets and floors at the push of a button. Featuring an onboard camera, it captures 30 frames per second, documenting your home's layout and memorising the best cleaning path.

It knows exactly where it's going and has built in anti-fall sensors, so you'll never find it at the bottom of your stairs. It's even clever enough to return to its docking station if it needs recharging and pick back up where it left off when ready. So, it's brilliant at keeping your floors looking ...well, brilliant.

How to claim:

You don't have to do a thing. Simply purchase your fridge freezer on Appliances Online and 10 days after it has been delivered we will give you a call to arrange getting your Navibot sent out. Easy!
